

Presidential Research Project (0 – 25L)

Choose a president (NOT one during your lifetime) and research his life and administration.

Using different resources: books, internet, etc. research your chosen president. You must include an outline map of his state of birth and a drawing of the flag of their state. Your project must include a minimum of a one-page (single-spaced) typed essay about your president.

Find the following information to write your essay:

PERSONAL INFORMATION ABOUT YOUR PRESIDENT:

- When the president was born and (if applicable) died
- State where he was born
- Educational background
- Religious background
- Family life (parents, siblings, wife(s), children)
- Picture of president

INFORMATION ABOUT HIS PRESIDENCY AND ADMINISTRATION:

- Political party
- Running mate(s)
- Years served as president (and what years)
- What platform did he run on? What did he promise to do if he was elected?
- What major things happened during his presidency, i.e. wars, legislation, economy
 - Don't just name these; explain them in a sentence or two
